Sir/Madam:

This reply is filed responsive to the Examiner's Interview Summary, mailed August 14, 2006, requiring applicant to file an Interview Summary of the phone interview between Examiner and applicant on August 10, 2006. Interview Summary follows forthwith.

Applicant agreed to amend claims so as to overcome Examiner's § 112 rejections of claims 27 & 42. Applicant mentioned how the previously presented claims were unanticipated by 5,229,764 (Matchett), but Examiner demurred from discussion of the prior art rejections, preferring a written reply.

Applicant mailed an office action reply responsive to the phone interview previously, on August 10, 2006.

Respectfully submitted,

Gary Odom
